Draft Meeting Minutes – Wednesday 9th March 2022
Held at 7.30pm in the Main Hall of the Village Hall

6.5 HPC Chairman, Adrian Reville – Joint Parish Traffic Initiative – HPC Involvement: The purpose of the Joint Parishes Traffic Initiative (JPTI) is to represent the concerns of a number of Parish Councils in East Suffolk including Melton, Eyke, Bromeswell, Tunstall, Campsea Ashe, Hacheston and `Snape. Residents of these parishes have been concerned for some years by the increase in the volume of traffic and the number of heavy goods vehicles on their roads.

The meeting on March 3rd heard that the situation is set to worsen because the Suffolk Coastal Local Plan, adopted in September 2020, does not include measures to mitigate the impact of increasing traffic which will result from the housing development and industrial growth planned for the district.

In 2021 Suffolk County Council produced a report for the JPTI group with up-to-date data on traffic on the B1172 and B1078. However, this is difficult to interpret and it was agreed to meet WCC officers and County and District councillors to study the data.

The group intends to press for a realistic strategic plan for our roads to handle the growth of traffic without destroying the quality of life of local residents.
